New York State District Attorneys League of Immigrant Affairs

There is fear and anxiety in our immigrant communities. Please be assured that, as district attorneys of our respective counties, we are, and always will be, fully committed to protecting all members of our communities, and to prosecuting crimes regardless of a victim's immigration status, nationality, language spoken, religious background or sexual orientation.

We will continue our work with our law enforcement partners to ensure that all crime victims in our counties have equal access to the criminal justice system.

We stand together to seek justice for all.
